

Literacy

This term our literacy will see us learning how to describe settings and characters and use our texts to retell a story. We will use dialogue and diary entries to gain a deeper understanding of the texts being studied. We will also write a factual report and a biography.

Maths

The children begin by deepening their understanding of multiplication and division before returning to fractions. Later in the term we will concentrate on decimals and complete the term with area and perimeter.

Design and Technology

This term, we will be using our science learning about electricity and our programming skills to invent something of the children's choice. Before beginning, the children will create a design brief to follow.

Art

Our art is a unit based around Van Gough. The children will learn about the artist's life as well as looking carefully at some of his techniques and attempting a Van Gough style piece of art themselves.

Science

To begin the term we will continue our learning about sound. This will concentrate on drawing simple conclusions and predicting. Children will learn how we hear, what pitch is and what makes a good sound insulator. We will then move on to electronics where we learn how to stay safe around electric and how to make a simple circuit. This will then link to our DT unit of work.

RE

RE this term we will be learning about marriage in different religious and non-religious areas of society. The children will continue to learn how to ask deeper questions linked to religion.

PSHE

In PSHE, we will be learning how to stay safe online by looking at the consequences of online bullying. The children will also be learning how to keep healthy as well tolerance of others.

PE

This term we are concentrating on dance and dodgeball in the first half of the term and then fitness and handball after the half term break. Please ensure children have their kits Wed and Thurs.

Humanities

This term our history topic is Vikings. We learn when they invaded, where they came from and why they invaded. We look at how we know where the Vikings settled and why they chose particular places to settle. We complete the unit learning about the Battle of Hastings.

Computing, music and MFL

In music we will be learning Samba and Rivers. In computing, we will be learning how to search the Internet effectively and code (linking to DT). In MFL we will be learning how to introduce a family member and how we can talk about our pets.
