

## Key Stage 2 Performance Data for the academic year 2024-25

### % of Pupils reaching the Expected Standard

The table below shows the percentage of Year 6 pupils at school who achieved the national expected standard (blue column) against the percentage of pupils nationally reaching the expected standard. The expected standard in reading and maths is a scaled score of 100 or above. The expected standard in writing is a teacher assessment of 'working at the expected standard' or 'working at greater depth'.

|                                        | % of pupils in school reaching the expected standard<br>(21 pupils in total)<br>2024-25 | % of pupils nationally reaching the expected standard<br>2024-25 |
|----------------------------------------|-----------------------------------------------------------------------------------------|------------------------------------------------------------------|
| Reading                                | 71%                                                                                     | 75%                                                              |
| Writing                                | 76%                                                                                     | 72%                                                              |
| Grammar, Punctuation and Spelling      | 67%                                                                                     | 73%                                                              |
| Maths                                  | 76%                                                                                     | 74%                                                              |
| Reading, Writing and Maths combined ** | 62%                                                                                     | 62%                                                              |

\*\* to achieve this a pupil must have a scaled score of 100 or more in reading and maths and be teacher assessed as working at the expected standard in writing.

### Average Scaled Scores

|                                   | School 2024-25 | National Average 2024-25 |
|-----------------------------------|----------------|--------------------------|
| Reading                           | 103            | 106                      |
| Grammar, Punctuation and Spelling | 102            | 105                      |
| Maths                             | 104            | 105                      |

The Scaled Score range runs from 80 to 120 with 100 as the expected standard.

### % of pupils achieving the higher standard

The table below shows the percentage of pupils achieving the higher standard (blue column) against the percentage of pupils nationally reaching the higher standard. To achieve the higher standard a pupil must have a scaled score of 110 or more in Reading, Maths and GPS. Also working at a greater depth in writing. (NA data is not as yet available for the 2024-25 Year 6 cohort as of August 2025. Data is for 2023-24 Year 6 cohort).

|                                        | % of pupils in school achieving the higher standard<br>(21 pupils in total)<br>2024-25 | % of pupils nationally achieving the higher standard<br>2024-25 |
|----------------------------------------|----------------------------------------------------------------------------------------|-----------------------------------------------------------------|
| Reading                                | 19%                                                                                    | 29%                                                             |
| Writing                                | 14%                                                                                    | 13%                                                             |
| Grammar, Punctuation and Spelling      | 14%                                                                                    | 32%                                                             |
| Maths                                  | 14%                                                                                    | 24%                                                             |
| Reading, Writing and Maths combined ** | 10%                                                                                    | 8%                                                              |

\*\* to achieve this a pupil must have a scaled score of 110 or more in reading and maths and be working at a greater depth in writing.

### Progress Measures

It is not possible to calculate key stage 1 to key stage 2 progress measures for the 2024 to 2025 academic year. This is because there is no key stage 1 baseline available to calculate primary progress measures for these years, because of Covid disruption.
