

Literacy

Our first unit of work this term is a linked to the book Black Dog. The children will be building up to writing their own suspense narrative. A unit linked to a book Small in the City will follow, which will allow children to look at a problem from different viewpoints.

Maths

The children begin the term by learning about place value up to 10,000. This includes Roman Numerals and ordering number. Next is adding and subtracting 4-digit numbers using both mental and written methods. The term concludes with multiplication and division.

Design and Technology

In Autumn term, our project will be linked to the unit of shell structures. Children will learn different methods to strengthen and join different materials. This will lead to a final project linking electricity and structures.

Art

Our art unit of work is linked to humanities. The children will create an Egyptian mask after studying masks found by archaeologists.

Science

To begin the term we will be learning about electricity; how to keep safe and how it works. Our working scientifically will be asking scientific questions and setting up our own investigations. Later, we will begin our unit of work called animals inc humans. This will involve learning how the digestive system works. The children will use a variety of methods to show their understanding and model the digestive system.

RE

RE in Hurricanes begins with a unit of work linked to how different religious and non-religious groups welcome new life into the world and how people show their commitment to religion.

PSHE

In PSHE the children will be learning about keeping safe, being responsible, coping with feelings and emotions and we will, once again, be joining in with Anti bullying week.

PE

This term we are concentrating on netball and tennis in the first half of the autumn term and, as the colder weather sets in we will be inside doing gymnastics and yoga.

Humanities

Our first humanities unit of work will be Ancient Egyptians. Children tend to enjoy this unit of work as it can be a little gory! They will look at the life styles, society structures and how the Ancient Egyptians impacted future generations. We will discover how we know about Ancient Egyptians and who they worshiped.

Computing and music

In music we will be looking at units of work based around Ancient China and Jazz. ICT will see the children learning about hardware and software, animation, effective searching and coding. This will be linked to staying safe online at all times, as this is an area of high importance.
